

# Chris R. Gramme

## Programmer/Web Designer

450 S. Peachtree Pkwy Apt F-304 Peachtree City, GA 30269

<http://cgramme.github.io/personal> - (770) 549 5787

### Professional Attributes

- Front End Web Development
- Android Development
- Experience managing and developing large projects from start to finish
- UI/Design Experience
- Responsive Design
- Strong sense of client needs/wants for maximized productivity
- Ad optimization experience

### Skills

HTML(5), CSS(3), SASS, Javascript, JQuery, JQuery Mobile, AJAX, Bootstrap, XML, JSON, Java, SQLite

### Experience

#### CGRAMME ANDROID APPS

2011 - 2014

##### Programmer/designer/owner

Self-made Android applications ranging from large projects to developing streamlined source codes for easy duplication. Ad optimization including placement, timing, frequency, and type, while utilizing and testing countless ad companies. Very strong sense of “user experience first” when developing all projects.

#### FRONT-END WEB DEVELOPMENT

2011 – present

##### Programmer/designer

Experience developing a wide range of websites exploiting most recent technologies. Substantial focus on the mobile platform as well as cross browser optimization. Continually and rigorously searching for the most recent best practices in coding to keep myself ahead of the competition.

### Education

#### GORDON STATE COLLEGE – Barnesville, GA

2004-2005

#### SELF ACQUIRED ONLINE EDUCATION

2011-present

**Code School, Code Academy, Treehouse, Udacity, Udemy, Solo Learn, The New Boston, Stack Overflow**
